

SUPPLEMENTAL LABEL

FOR CONTROL OF STORED PRODUCTS PESTS

EPA Registration No. 279-3206

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR CONTROL OF STORED PRODUCTS PESTS

(Including Indian Meal Moths, Rice Moths, Tobacco Moths, Flour Beetles, Lesser Grain Borers, Merchant Grain Beetles, Sawtoothed Grain Beetles, Grain Weevils, Warehouse Beetles, Cigarette Beetles, and Dermestid Beetles, Psocids, and other similar pests).

WAREHOUSES and GROCERY/PET STORES: TalstarOne suspension may be applied as a general surface, spot or crack and crevice treatment in food and nonfood storage warehouses and stores. Apply to all areas that may harbor pests, including under and between pallets, bins, and shelves. Do not apply directly to food, grain bins (interior), or animals.

Use a 0.02% to 0.06% suspension (0.33 to 1 fluid oz. per gallon of water) for residual pest control.

RESTRICTIONS:

Do not allow spray to contact food, foodstuffs, food contacting surfaces, food utensils or water supplies.

Do not treat areas where food is exposed.

During indoor surface applications, do not allow dripping or run-off to occur.

Retreatment may be necessary to achieve and/or maintain control during periods of high pest pressure. Repeat application is necessary only if there are signs of renewed insect activity. Repeat application should be limited to no more than once per seven days. TalstarOne will not stain or damage any surface that water alone will not stain or damage.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

For First Aid and other Precautionary Statements, see label attached to container.

All applicable directions, restrictions and precautions on the EPA-registered label are to be followed.

NOTE: This label must be in the possession of the user at the time of pesticide application.
